“ RIP Bud. Such a fine man and always ready for a smile. You fought many years with this disease and you won for a long time. You were so loved by your family and friends. And look at the fine men and women you raised you were such an example. My the Lord bless you and keep and may his sun shine on you and give you Pease.

“ Oh Bud, where can I start. Your life touched so many people. It would take Hollywood to try to illustrate the enormous impact you have had on this planet. And I doubt even they could fully represent all of the lives you've touched.

For me, you gave my Father a job very early on in his new quest in electronics, which lead to his career . Shortly after that, I was born, and became best friends with your youngest, (at the time). You, and your wonderful wife, (whom I sill have great childhood memories) raised 9 kids. That alone was a monumental task, but you raised really good ones. And I'm proud to nuzzle my way into an "extended" family member status any chance I get.

Your kids are very proud of you, as am I. They honor you and took care of you in a remarkable way. I can not imagine how different my life would be without the Jewell family. For that I thank you.

I hope you are throwing some strikes with the old gang from Dodger Bowl, and enjoying catching up with all of those we miss.

RIP Bud
