“ I just got an email from a friend in town asking if I had heard about Doc. I am so sad to have missed the services. We don't get the paper, I am so sorry for your loss. We rent his house and I really enjoyed bringing things from our garden or bread and visit together. I bought a bird feeder because of him. We have five kids and so eleven was very mind boggling and impressive! I hope that as you gather you will remember the good and lock those in your heart. I am grateful for knowing him and for his humor. I didn't know about his music or past, but I enjoyed reading about how his life got started. May God Bless you and enjoy your time of gathering, our hearts go out to you for the loss of Father, Grandfather and Friend, Jen Sandstrom and family
