“ *So many memories of time spent with you and the one thing that always made my day was your laugh! You enjoyed sharing stories from your childhood with me and I learned a lot about your sassy side from those stories. I hate that you ever ended up in a nursing home because you just wanted to be in your own home but you were able to make a lot of new friends, all of them sad that you're gone. My Grandpa Bill already misses you and hopes you're with Grandma Betty. Im so thankful for all the visits and games were played till I got cancer. I just wish I could have gotten better and been able to say goodbye. Sending you one last great big hug, I'll be holding on tight forever. Love you! Prayers and sympathy for Carol's daughter Carolyn, son Bernie and all her grand and great grand children. As well as the rest of Carol's family. I will always think of you like my other mom, thanks for being there for me over the years.*
