“ *I am so sorry for your loss. I don't think there is much worse in the world than to lose someone who had so much more life yet to live. Although I can't imagine what you must be going through, I hope that you can feel the support of all of us who thought of him as a friend.*

“ I was a regular at Quick Trip and Chris always a top notch employee. He always remembered what I purchased and Had respect and made my day everytime I came in. He amazed me because it is hard to find a young Adult with that much respect and pride for his job. My heart breaks for him and his Family and Loved ones. I wished I would have been a little more social with him. I pray for Peace and God's love to surround all who has been effected with his passing. Just know he made a difference in my life and I will always remember that amazing Young Man who left us way too soon. God Bless the Family.

“ I met Chris 5 years ago on the internet. We formed a close knit group of friends and we would talk all the time. He was like the big brother I never had. We could talk to him about anything. I always wanted to make a trip to see him after I graduated. Before I found out the news I had a dream with him in it. We were skyping but it was dark and everything was upside down. After the dream I wanted to message him, but later that day I found out the news. I was shocked for a while. It didn't seem real. So, I had to say my condolences. Just know, that Christopher will never be forgotten. He holds a special place in my heart and I can't be more honored to have been friends with him.

“ I was only a customer at Kwik Trip and Chris was such a wonderful person to see every time I went in there. I moved to Mineral Point and knew very few people, yet every time I came in to the station, Chris always made it seem like we were old friends. He had a wonderful personality that would put a huge smile on your face. You could see the greatness in him and the happiness he let everyone feel. He touched so many lives in subtle ways. He made Mineral Point a home. I am so sorry for your loss and know his memory will live on in every person he met.
