“ Carol & Bill:I just saw this tonight, and it gives me pain to realize that I've lost a friend. While it's been a long time, I do often remember Dave and my adventures growing up in your back yard! The chipmunk hunting, the overnight camp outs, our BB guns in hand... I will never forget those times and the friendship and love of your family. Dave and I had the chance to talk just a few times through the years and catch up. Dave has left us too soon, but I will never forget my friend. My prayers will be with you all as we grieve. “ I was so sorry to find out just now about Dave's passing. My experience with him was as a client. He was a lovely, patient, bubbly man and I felt that we were in good hands when we came to him with our anxieties about what to do with our work. We much appreciated his advice and calm attention. My deep condolences to his Dave's family.
