“ My mom, Delores Jacka Cushman, was in the same class as Dorothy Anderson. I believe they started school together. They were friends throughout life and my sister Chris and I became friends as well when they started Friday morning coffee at the Pointer Cafe when mom and dad returned to Iowa county after retirement. Chris visited Dorothy within the past couple of weeks and I talked to her by phone around her birthday. She was lucky to have full cognitive functioning right up through her last year. We loved her and will miss her. Diane (Minneapolis) and Chris Cushman (Barneveld). We were sorry to miss the funeral. We were on a road trip and only learned of her passing the morning of her funeral.

“ Dorothy and I met as Freshmen in the class that graduated in 1948, best class ever. She was part of a small dedicated group that worked to keep those of us who no longer lived there informed, reunions were special. After our husbands died we kept in touch on special occasions, holidays, birthdays, etc. our last correspondence was in June of this year.  
My deepest condolences to her family,

“ I used to conduct a Senior exercise class at Upland Hills and Dorothy was a member of our group for about 10 years. She always brought her positive attitude and her wry sense of humor along to class and never failed to make us laugh. She was so compassionate and genuinely cared about every single one of us. Even though the class ended when the Covid shut-down came along, she and I kept in touch from time to time and I treasured the chats we would have. I will miss her dearly. My deepest condolences to her family. Warmly, Joan Pape

I had the honor of teaching down the hallway from Dorothy at Mineral Point Elementary in the 1980s. She was a wonderful and caring teacher and I valued all the lessons she taught me as a beginning teacher. I was privileged to enjoy her friendship and always looked forward to our Christmas card exchange. RIP Mrs. Palzkill.
