“ My name is Kathleen Kleist. I worked alongside Gayle many years in Business Outfitters. I worked closely with her when we were both in the School Uniform department. I never heard a complaint or bad word about anyone from her. She was always upbeat and happy. She spoke a lot about her dogs! but when her daughter was getting married, she was so excited about it all! The album she had created was absolutely beautiful! i could tell how proud she was of her.

I'm Harmony Ryan her granddaughter. She was my built in best friend and I dreaded the day this would happen. She was the best grandma to me and my cousins Alex and Bailey. I was very close with my grandmother as she always tried her hardest. I remember every August before school I would come over to her house and we would online shop for hours. My grandma could brighten up anyone's smile in an instant. I miss her so much and am still struggling without her by my side as she always was. If I could give her a never ending hug I would. She will stay in my heart forever.
