Thanks Kevin. Dad always liked the way you played Basketball. Dad witnessed you and I team-up to win over 60 games together as team mates.. Your brother Larry, your mom and my parents were at most all of these games at home. Thanks again brother, those were great days. Basketball was one of dad's real joys in life as you helped contribute to dad's memories via your play.

“ To Alice & family,
Jim was a fantastic cousin and a great friend. He had a lot to do with making sure I had plenty of hours working summers at the canning factory. He did the same for me when he took the job with Dick's in Platteville and saw to it that I became an employee there also. I thank him for making it financially possible for me to get through college without going in debt. We will miss this great man and his keen sense of humor. God Bless and take care of the Franzen Family.

I think of you and mom every day and wish we were together. I know the life you lived and your fast track to Heaven was at Bullet Speed for all the great and caring things you did for people.
