“ *So sorry to hear of Lillian's passing. I enjoyed going to the Methodist church with her and to Circle and other church events. I remember her as a teacher in the old middle school. My how time marches on and things change. I was sad when she moved from Point. I had gone to her garage sale and I have a piece of Tupperware with Flesch written on it in magic marker. I think of her every time I use it.---Donna Toay*

“ So sorry to hear about the passing of Mrs. Flesch. She was such a wonderful lady and subbed for our class for years. I always loved how much she cared for everyone around her. My grandmother Dora Thiede was good friends with her which made the times we had her as a substitute feel very special. Thank you for the wonderful memories. My prayers go out to your family.

Lilian was a memorable colleague from the first year I started at Point. Her dedication to her students was obvious and one of the role models I used in my own career at Point. My condolences. (Anyone who could teach Middle School and live to be 101 is aremarkable achievement in itself! 😊
