“ *When I think of Mary Ann Lipska, I see an ever smiling face and hear an infectious laugh. She was the backbone of the whole family both before and after Sonny's passing. I can't imagine how everyone will go on without her but I know we are all better people for having known her. God Bless you in Heaven Mary Ann.*

“ *I have so many fabulous memories with Aunt Mary Ann. Both she and Uncle Sonny will forever hold a special place in my heart. Living so far away all of these years has caused me to think about days of our past where we were all so young, healthful, and full of spunk which we all know both Uncle Sonney and Aunt Mary Ann were so full of--live in its proper definition. Throughout my adult life when people would say which of your awesome relatives do you aspire to be and I would say Aunt Mary Ann. My memories remind me that she was so full of life which is something we all hope for and she was the first to tell me that "the ability to accessorize is what defines us Missy". I love you Aunt Mary Ann and look forward to seeing you on the other side!!!*
