“ *Julie & Scott, Mark & Stella you all have my deepest sympathy. I have so many memories of Aunt Mary but one that will always stand out is when she and your Dad got married because it was the first time I got to wear nylons and I felt like such a grown up! The time Mom was driving to your house in Racine and got so lost I was surprised we actually got there. She was the one who introduced us all to chip dip with the one she used to make that I remember had paprika in it. All the laughs at reunions and graduations. She will be missed. Your cousin, Lois*
