“ *Merv was our milk hauler for a long time. We always enjoyed visiting with Merv when he came to pick up our milk. He loved reaching into our milk cooler to get himself a cold glass of milk. Merv also loved getting my peanut bars at Christmas. What a great guy he was! He will be missed. So sorry for your loss..Pat and Shelly Leonard*

“ So sorry for your loss. Merv came everyday unless he was on vacation hauling my families milk from our farm. He always had a remarkable smile and enjoyed his job. He even took action not to run over our little kittens when coming in with the milk truck as the truck was shiny and they seem to come running over to greet him too. I have many happy memories of his milk visits and would even let me read the marking for his load he picked up. He will be missed. Thinking of you all. Hugs
