

Patrick Eli Fuller

February 24, 1954 - January 30, 2025

Ridgeway - Patrick Eli Fuller, age 70, of Ridgeway, our beloved husband and father passed away on Thursday, January 30, 2025 after a courageous battle with MDS. Our hearts are broken and left with a hole that will never be filled. Patrick was born on February 24, 1954 to Sam and Irene Fuller in Rossford, Ohio. He was the eldest of seven children. Pat chose to attend St. Francis de Sales High School, for which he paid his own tuition and graduated in 1972. At the age of 18, Pat enlisted in the US Marine Corps from 1973 to 1986. As an infantry soldier, he served as team leader, squad leader, infantry instructor, and platoon sergeant.

In 1978, Pat met his wife, Cheryl, while in Toledo finishing his bachelor's degree in history as a requirement for officer candidacy. Pat has had a lifelong love of history, particularly military history and had knowledge of battle details beyond belief. He later went on to complete his MBA graduate degree.

In August of 1981 Cheryl and Pat married and were subsequently stationed at Camp LeJuene, North Carolina, where their son Samuel John was born in 1982. Pat had unbridled devotion to the military and his country and performed every deployment with reverence and skill. Many of his troops kept in touch with him over the years. Pat was well respected by many Wisconsin elected officials over the years and was responsible for the procedures and smooth running of the assembly including introduction of and voting on bills of importance to the people of Wisconsin. He was sought out by many employees of the state of Wisconsin for assistance with state government procedures and issues.

“ Pat was my first cousin and he grew up in Toledo and I near Cincinnati. We would see each other when we were younger and my family traveled to Toledo to see our northern relatives.

When I was younger and searching for a purpose in life Pat was already on a mission, he had joined the Marine Corps and was pursuing his life dream, to serve and protect the United States while leading men and more importantly to be the absolute best Marine.

I eventually joined the Army, a little older and a little wiser, after conferring with Pat. Even though we were not in constant contact I felt that I needed to succeed beyond the standard, to meet the Fuller expectation of excellence.

Pat and I reconnected while I was on a training mission to Wisconsin.

I called him at least once a month over the last 12 years and texted when I needed advice.

My only regret is that I did not have the opportunity to spend more time with Pat before he left us.

I know he is with Jesus, waiting for all of us to join him one day. I am sure that God has assigned Pat as the Physical Fitness OIC and I cannot wait to get in his PT formation and serve the Lord.

“ *For 37 years Pat Fuller was my best friend, mentor, and greatest source of inspiration. I can hardly believe my good fortune to have served with him in the 82nd Airborne, serve in Operation Desert Storm together, assume two Infantry commands from him (those were impossibly big boots to fill), and enjoy so much of life with him. Pat was the standard to measure all leaders, and all friends by. The Airborne general officers admired and respected him so much that they placed him in command of four different companies throughout his Captain years - the only Army Captain to have ever done so. I have an extremely difficult time accepting that this hero has been taken from us so soon. I can only ask the good Lord that I can go shooting with Pat again in His Kingdom. I love you my Brother forever.*

“ Chief Fuller, was an exceptionally kind, considerate and extremely professional. I often went to him for assistance when I served in the State Assembly. After I won election to the State Senate I shared with him that I was really gonna miss the Assembly, not necessarily the people but my parking space. I really, really loved my parking space. When I got to the Senate, the Senate Clerk informed me that I didn't have to give up my parking, because Chief Fuller traded spots with the Senate so I could keep it. That was in 2016, and I still park in that same spot today.

“ I served in the legislature from 2005 to 2011. Pat Fuller was a very special man.

One of my first duties after being elected Speaker, was to let Pat Fuller know that he would continue to be the chief clerk. He was a true professional, treating every individual with dignity and respect. It didn't matter if you were a Democrat or Republican, He would always go out of his way to make my job easier and run smoother.

I considered Pat a friend. I can't tell you how many times I would tell him to call me, Mike. He just couldn't do it, he just would respond "yes, sir".

My condolences to his entire family and all that knew and loved him. Godspeed Pat.

“ I have had the pleasure and honor of serving in Pat’s command, not once, but twice, to include DESERT SHIELD/STORM. In my almost 40 years of service in the Army (as a Soldier for 30 and civilian for 10), I can say without hesitation that Pat Fuller was the finest combat leader I ever had the privilege to serve with. I spoke of Pat in my 2024 Veteran’s Day speech. Pat was the standard bearer I would (and still do) measure every leader, to include myself, against. Nobody, including me, ever came close to filling his shoes. I wanted to be like Pat Fuller, but God graced us with only one, that was enough. He literally changed the world for so many people. His leadership brought out the very best in men. He challenged us, toughened us and made us all better. I (and many others) still use what he taught us. I attribute much of my professional success to his leadership and mentorship. He didn’t have to try at it, it came so natural to him. He was such a personality that a little “Pat Fuller” rubbed off on you when you were around him, and that saved lives on the battlefield for years after his retirement. We just never wanted to disappoint him or let him down. Pat loved his Soldiers and never stopped leading. I sought his council via e-mail over the years and he always delivered. Men like Pat Fuller never fade from ones memory, he may be physically gone, but his legacy is embodied in leaders and Soldiers across the nation. I and so many others are fortunate to have know him. I will miss him deeply. To the family, my deepest regrets, and thank you for sharing him with us, the world is a better place due to his selfless service and leadership.

“ Mark Cheshire: I served with Pat at 2nd Recon Bn USMC & he was the catalyst for me switching to the Army when I re-enlisted. As an interesting, "Six Degrees Of Separation" side note, Pat also later served with Robbie Nash (One of my 82nd Airborne Recon brothers). Pat was highly admired, the toughest of the tough & a true, "Brother In Arms". He is surely guarding the gates of heaven now & making St. Peter laugh.

“ I served in the State Assembly while he was serving as Chief Clerk. “ Patrick Fuller was one of the most admirable, honest men I have ever known. It was a privilege to nominate and elect him as State Assembly Chief Clerk in 2003. It was an even greater privilege to have him as a friend and confidant. He loved America and served our nation with tremendous honor. It's difficult to describe the full impact he had on countless soldiers and our military readiness. I was so fortunate to have so many opportunities to talk with him about moments and events while he served our nation. We all loved his tough guy approach but he was a gentle giant that was so kind to so many. In addition, I admired how much he loved his family. We live in a free nation because of Patriots like Patrick. May God welcome him home and share his Divine Mercy over him.
