“ *I am so saddened to hear of this and to realize how I had lost touch with Bobby and family. Recently I became involved in ancestry with my nephew, Sam Kaap, and I emailed Bobby regarding Kubicek research. When the email returned undeliverable I was concerned and found him here.*

He was one of the kindest, most generous and giving people I've known. It was an honor and joy to attend his life celebrations for Chris, and to behold his grand bonfires and fireworks displays, and to mingle with friends and family. I hope his collections find a forever home. I know he had dreams for each of them.

My heart goes out, though so very late, to Sandy Berry, Thelma, Donna and all family and friends blessed to have known this kind soul.
