“ My heart sinks in hearing of Terry's passing. I have many fond memories of working with Terry at TDS Metrocom and after hours get togethers, picnics, etc. Always wearing his Packer shirts. You could always rely on him to tell you like it was and to get the job done. Great guy! His face lit up whenever he talked about his family. Hugs and prayers to all! Another good one gone too soon.

“ Our hearts are saddened with the loss of one of the most genuine and beautiful men we have ever met. Steve and I worked with Terry at TDS and he always had a smile, always willing to help and not just at work. We will remember his gentleness and his love for family and friends.

Terry made us Jack Daniel wall light years ago that we always look at as one of the coolest things we have ever gotten for our home. We will continue to look at them with an even more special feeling as we remember him.

“ I am very saddened to hear this. Terry and I started our telecom careers 30 plus years ago with GTE and later worked together at TDS. We had a lot of fun both at work and outside of work. Even when I went back to Verizon/Frontier we would exchange emails every now and then checking in. Great guy, a standup guy, I was lucky to have known him. My condolences to Dawn and Vincent.

“ Dawn, I was a huge admirer of Terry a lot of us who were friends with Jamie looked up to him he had the wisdom that we had yet to reach. He was willing to spend a little time showing us certain things with our vehicles when we needed help. He could read people very well and knew when there was something that he didn't like about a person and was brave enough to tell them that to their face. He will be missed by many. My sincere condolence's to you Vince and his whole family!

“ I was shocked and saddened to hear of Terry's sudden passing, as with so many whom work or have worked with Terry at TDS, especially his team mates.

I graduated with Jamie, so we would often share stories about him and had some good laughs about his antics.

My mother loved the work he did with oak barrels, and purchased many of his pieces, as well did I for holiday gifts.

His humor and technical abilities will be missed by everyone that knew him.

My most sincere condolences to Dawn and Vince, as well the rest of the Forseth and DeVoss families.

Dawn and Vince were the light of his life, and the pride he had in his son Vince always showed in his eyes when he would be mentioned even in the slightest of conversations.
