“ Please accept our deepest sympathy on the passing of a dear man. We always enjoying visiting him and your mom on our visits to Wis. with our mom Mae Wacker. Tony would always regale us with delightful stories of his fishing and hunting trips, especially his success in luring the hen turkey out of her lair with his expert calling technique. He was so proud of his homemade venison sausage and wine, his tomato and pepper crop and brought (literally) tears to our eyes with his "hot ones." He and your mom would go through the latest photos of all of you and grandkids proudly telling of your latest milestones and memories. Tony's devotion to and love for Marion was inspirational. We wish you joyful memories. Anne and Bob

“ Please accept my sympathy on Tony's death. He and Marian were always so gracious when Mom and I would come to visit. I did try to send a card through Karen, but it was returned. That was the only address I had.
