“ *I worked with Marilyn and enjoyed many good times with both of them. Wayne was such a gentle and kind man who always asked about you and your family no matter what he was going through personally or medically. Great family. Our sympathies to you all. Unfortunately, we will be out of town and won't make his celebration of life.*

“ Our condolences to the family. I did some relief milking for Wayne. Even though I had never met him personally before that, it was like I was helping an old friend right from the start. I always enjoyed seeing him out and about. Wayne always had time to say Hi and see how you were doing. He had a way of making you feel good. Wayne will be missed by many. Ted Lawinger and family
